LIFETIME LIMITED PAINT WARRANTY

This warranty covers the paint system that was originally applied by the Sherwin-Williams—Weather XL.

Film Integrity

Wagner Metal Supply warrants that the color-coated finish on your metal siding and roofing panels will not:

- Crack
- Peel
- Loose adhesion

This warranty does NOT apply toward:

- Minute fracturing (may occur in proper fabrication of the panels)
- Failure to substrate corrosion
- The reverse side of the metal panel

Chalk and Fading rating

Wagner Metal Supply warrants that the Weather XL paint coating will not chalk or lose color within a period of 30 years following installation or shipment of the product (whichever comes first). The chalk rating is measured with the standard procedures specified in ASTM D-4214-98 method D659. The color fade ratings are measured with the standard procedures specified in ASTM-D-2244-02 method D659.

Chalking and color change will be examined on an exposed, clean, painted surface. We are aware and understand that sun exposure is not equally distributed on the surfaces. Therefore, any chalking and fading changes on the surface will not be uniform. Corresponding values will be measured upon the unexposed painted surface.

Sidewall ^{30 years}	
Color	Chalk

Disclaimer of Warranty

The lifetime limited warranty stated in the document is exclusively applicable to Wagner Metal Supply steel roofing panels and steel siding panels painted with Weather XL by Sherwin-Williams. Wagner Metal Supply does not make any additional warranties, guarantees, expressed or implied claims beyond this document. This includes warranties of merchantability and fitness for a particular purpose. Wagner Metal Supply shall have no other liability with respect thereto.

Replacements: this warranty applies to panels that are refinished or replaced but only for the period of time left on the original warranty. Nobody who is employed or a representative of Wagner Metal Supply is authorized to alter or grant another warranty regarding the steel products we manufacture.

Limitation of Liability

The warranty stated in this document is an exclusive warranty applicable to Wagner Metal Supply Weather XL by Sherwin-Williams painted material only—steel roofing and siding panels. The remedy for any and all claims coming from this warranty shall be limited to Wagner Metal Supply refinishing/replacing your defective panels or refunding the purchase price of the panels as Wagner Metal Supply approve based upon our professional judgement. Wagner Metal Supply will not be liable or held responsible for any losses, damages, or expenses. These instances stand

whether the damage is incidental or consequential. Wagner Metal Supply's liability is EXCLUSIVE to the purchase price of our steel roofing and siding panels.

Deadline to Report Defects

Claims made under this warranty must be submitted in written form to Wagner Metal Supply within 30 days of the discovered defect in the steel roofing panel or steel siding panel. The written defect notification MUST include the following sufficient supporting documentation to move forward in processing a claim with Wagner Metal Supply:

- Adequate identification of the defective material
- A description regarding the nature of the claimed product defect
- Date the product was installed
- Date of shipment
- Order number

Failure of the claimant to provide sufficient supporting documentation of the claim prior to the designated deadline of the aforementioned timeframe shall be considered a waiver of claimant's rights above supporting documentation. Prior to any additional action being taken, Wagner Metal Supply shall be allotted a supplementary 30 days to assess and inspect the condition of the steel siding and steel roofing panels.

Instances Wagner Metal Supply shall not warrant/guarantee claims

Wagner Metal Supply does not warrant the reversed side of the steel panels used for interior application. Wagner Metals does not warrant or guarantee claims to exposure to the following corrosive elements:

- Salt
- Salt water
- Water spray
- Corrosive/harmful chemicals (solid, liquid, or gas)
- Airborne contaminants
- Hail and other elements of nature

Wagner Metal Supply does not warrant or guarantee claims arising from the following:

- Falling objects, external forces, explosions, civil commotion/riots, excessive radiation, or other instances beyond Wagner Metal Supply's control
- Minute hairline cracking of the paint finish
- Defects or damages due to handling, shipping transit, processing, storage, installation
- Damage due to the failure of the substrate
- Damage due to moisture and other contaminations prior to installation
- Steel shavings or iron particles that come in contact with the panel's painted surface
- Standing/accumulating water damage due to the lack of an adequate degree of pitch
- Improper storage—contact with animals or animal waste
- Deterioration to panels caused by indirect or direct contact with fasteners
- Weather uniformity under non-uniform conditions
- Contact with harmful fumes, chemically aggressive environment, foreign substances in the atmosphere
- Damage from lumber—green, wet, or treated

Who the warranty covers and the duration

The warranty strictly extends to the buyer. This warranty is non-transferrable. The warranty is only available to the original owner of the structure where the materials were installed. The warranty stated below is only available for 40 years:

"Wagner Metal Supply warrants that the color-coated finish on your metal siding and metal roofing panels will not crack, peel, or lose adhesion. The warranty does not apply toward minute fracturing that may occur in proper fabrication of the panels, failure to substrate corrosion, and it does not warrant the reverse side of the metal panel."
